the OEPF NEC facility

2300 York Road, Suite 113,

Timonium, MD 21093

(continued overleaf)

Course Description/Highlights

This Course was designed to answer following questions:

How easy is it to find and train Visual Training Personnel?

Foundation 2020 will help give a therapist over 36 hours of education with follow up support and abundant OEPF reference materials.

Foundation 2020 is appropriate for OD's new to VT, new therapists and for building increased confidence in current therapists.

Most of the theory, an understanding of the visual process, and course follow up support are provided via webinars. (Involves no travel, lodging, or time away from the office cost.)

Three days of hands on therapy will be provided at the OEPF NEC in the Baltimore area by a master therapist. Even the webinar will include some hands on experiencing of the visual process. Webinars will be taught both by a senior OEPF Instructor and a master therapist.

An access window will allow for review of all the webinar material if needed.

Foundation 2020 is designed to provide a maximum hands on experience with a cost effective eye on the expense to the practice.

Length: 35 hours of which 24 hours will be in person training.

Continuing Education Credits: 35 hours

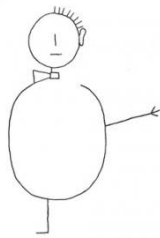

Prerequisite:

- Vision Therapists
- Aspiring Vision Therapists
- New VT providers

This course has limited registration. Due to the highly interactive hands-on session, small group presentations and hands-on activities you will get the experience you need for the confidence you desire.

This course is structured as:

- three over the Internet introductory sessions of 2 1/2 hours,
- a three day in person hands-on training
- a follow-up question and answer over the Internet session .
